TP-06

JavaScript

## (Pagination, Local data sync)

TP06 Exercise

TP06.1: Pagination (infinite scroll)

Build a scrollable content with a pagination API for infinite scroll.

```
`https://api.instantwebtools.net/v1/passenger
?page=${page}&size=${limit}`
```

TP06 Exercise

TP06.2: Local data sync

Apply local storage for infinite scroll

TP06 Exercise

TP06.3: List and Viewer

Build a paginated scrollable list and design a details viewer next to the list
*** Infinite Scroll + Local store sync

`` `https://api.punkapi.com/v2/beers?page=${page}&per_page=${limit}` ``

Good luck 👌
